

The Frank LaRose Fan Club

It's hard being Ohio's Secretary of State, with all the partisan pressure to bend election rules. And every four years, if you do the wrong thing, you might not get re-elected yourself! But Frank LaRose knows all this. It guides his every action. And actions matter!

That's why we formed the Frank LaRose Fan Club, to watch his every move in this process. We're here to cheer him on every time he does the right thing for fair Ohio elections. We know we'll never get tired applauding him when he delivers on his promises!
