

The enclosed map is a minor update to my January submission. The expected outcome is 8.4R - 6.6D using Dave's Redistricting's 2016-2020 Composite, with eight districts that lean Republican by 5+ points and seven districts that lean Democratic by 4+ points.

The proposed map follows rules regarding county and municipality splitting outlined in the constitution and has a population balance of 0.05%. All districts that span multiple counties contain at least one whole county. The Cleveland district is majority-minority with 40% Black representation. The Columbus district has one-third Black and 47% minority representation.

Safe R (R+24)
