Subject: Written testimony submission for 9/12 Dayton, OH meeting

Dear staff,

Please submit this as written testimony to the 9/12, 4 pm, Ohio Redistricting Commission meeting in Dayton. Unfortunately, I can not attend.

Please reject the Ohio Representative and Ohio Senate maps that were introduced by the Ohio Redistricting Commission. I would like the Commission to seriously consider the 3 sets of maps that came from the Fair District map-making competition. The initial maps introduced by your Commission were harshly criticized by the media. It's time to work together with Fair Districts.
