

Testimony of:
Brian Campbell
5187 Threshing Place, Delaware, OH 43015-8054

Submitted to:
Ohio Redistricting Commission

Testimony:
Please vote no on the maps for Ohio House and for Ohio Senate submitted by Huffman on September 9, 2021, also known as Ohio Redistricting Commission officially proposed House map and Ohio Redistricting Commission officially proposed Senate map. These maps do not meet requirements of the Ohio Constitution.

Please vote to accept the Ohio Citizens Redistricting Commission Ohio House map and the Ohio Citizens Redistricting Commission Ohio Senate map. I see these maps are available for download on the Ohio Redistricting Commission's web site redistricting.ohio.gov. These maps fully comply with the Ohio Constitution and with the expectations of Ohio voters who overwhelmingly voted for the redistricting amendments to the Ohio Constitution in 2015.

Super-majority legislative bodies in US states have a sad history of destroying their state governments. For example, during the last decade, the Ohio legislature has ignored the best interests of Ohio residents and rulings of the Ohio Supreme Court. Also for example, the super-majority of the Illinois state legislature has basically bankrupt the state government of Illinois.
