Testimony Opposed to the Ohio Assembly Maps Proposed by the Commission on September 9, 2021

Ohio Co-Chair Cupp, Co-Chair Sykes, Ohio Redistricting Commission Members:

Thank you for the opportunity to comment on the redistricting process.

I am appalled by both draft General Assembly maps you have presented. Neither comes close to meeting the Constitutional requirement that districts be representational. I am shocked that you think this would be acceptable to Ohio citizenry who want our elections to be fair, no matter who is in the current majority.

I urge you to fulfill the promise of the 2015 redistricting reform and adopt the maps that were winners of the Fair District's contest or the community prepared "unity" maps submitted by Ohio Citizens' Redistricting Commission (OCRC). All of these maps far exceed the commission's September 9 draft maps in meeting the constitutional requirements for the General Assembly maps.

Thank you
Barbara L. Weber
