Subject: Proposed maps do not represent fair districts

Hearing Date: 9/15/21

Comment:

Honorable Members of the Redistricting Commission:

I have reviewed the proposed redistricting maps, and I do not feel that they represent a fair redistricting of our state. Fair maps would yield results likely to be more representative of the actual party breakdown of our state, which these will not. I encourage you to review the winning maps submitted by the Fair Districts Ohio map-drawing competition, and revise your proposed maps accordingly.
